This charming fisherman's cottage is a great place to stay when spending a holiday in Estepona. It is just a few metres from the beach and close to town and the port. There is street parking to the right of the house however it is not always guaranteed but usually available. The property has been fully modernised and it has three bedrooms, two bathrooms and an open plan kitchen and lounge area. All the rooms have independent air con units for cooling and heating. Two king size beds and a bunk bed. The master bedroom is en-suite and there is a second family bathroom with a walk-in shower. The modern open kitchen is well equipped and the lounge area includes a smart TV with a good choice of international programs along with Sky channels. There is also a high-speed fibre optic Wifi internet connection for your use. You may also find a lovely indoor dining area for four guests right next to the kitchen and lounge. Going up a flight of steps you gain access to your own large private roof terrace with amazing sea views and dining area with plenty of sunlight all day long surrounded by lovely tropical plants. There are two large awnings that may be opened for shade covering the sun loungers and the comfortable seating area next to the gas-powered BBQ. There is also a nice outdoor shower in case you want to cool down or to wash off the sun cream. A small sink with running water is available next to the BBQ for your alfresco meals and at night time, LED lights have been installed to make a lovely environment to spend your evenings. The private roof terrace is a great bonus and you will probably want to spend most of your time in this area. We are sure that you will enjoy this property and regular holiday makers will definitely want to return in the future. This lovely three bedroom fisherman's cottage is located just a few metres from the beach in a narrow cobbled road between Estepona port and the town centre. It is one of the original houses within the grounds of the traditional fisherman's quarter. The house is very close to everything you need whilst on holiday and there are several supermarkets nearby including one in the port which is open every day from 8am to 2pm. There are several restaurants and bars all within an easy walk from the property. There is a parking space next to the cottage and although it is normally available for the house, it cannot be guaranteed. Estepona is an up and coming resort which is improving year on year and it is always packed with flowers on every street and all the roads have become pedestrianised. The beaches are always kept nice and clean and town hall spends a lot of time planting many Mediterranean palm trees throughout. We can organise day trips to Morocco, Ronda by train or Granada. Airport transfers and car hire can also be booked through Time in Spain Holidays SL when making your reservation to ensure a smooth holiday.
