## Costa del Sol, Manilva

Vineyard-View 5-Bed Townhouse – Between Manilva & Sabinillas Set among the vineyards rolling down towards the coast between Manilva and San Luis de Sabinillas, this five-bedroom townhouse blends the ease of modern family living with the romance of an authentic Andalusian setting. **Property Highlights** \* Five-bedroom, three-bathroom townhouse arranged over multiple levels \* Generous gated entrance patio acting as a private courtyard \* A large semi-covered balcony with open views over vineyards, pool and coastline \* Attic-level master suite with its own bathroom and terrace - a retreat-like feel \* Basement garage and storage with direct access to communal pools and gardens \* Gated community a short walk from Manilva village square and services **Interior Description** You arrive through a generous gated patio with high walls that create a calm, private courtyard - perfect for children at play, pets lounging in the sun, and long, convivial lunches shaded from the afternoon breeze. A new front door opens directly into the fully fitted kitchen, a practical heart of the home with a semi-open-plan feel thanks to the central staircase that gently separates it from the main living area. The lounge is bright and inviting, framed by views that steal your attention the moment you enter. Slide open the doors to a large semi-covered balcony and the landscape unfurls: vineyards and the communal pool in the foreground, mountains rising behind, and a coastline that sweeps towards Estepona. It's a true outdoor room - somewhere to start the day with coffee and end it with sunset dinners - sheltered enough for year-round use yet open to the vistas that define the property. A guest bathroom completes this level, adding convenience for everyday living and entertaining. **Bedrooms & Layout** Upstairs, the first floor holds four double bedrooms and a family bathroom, offering flexible space for guests, home offices, hobby rooms, or growing families. Two larger bedrooms at the rear share a private balcony with equally compelling views of sea and mountains - an intimate perch for quiet mornings, nightcaps, and lingering conversations. The attic level has been transformed into a master suite with its own bathroom, terrace and dormer windows. Tucked beneath the eaves for privacy and a sense of retreat, with the elevation giving a subtle feeling of being above it all. Altogether, the layout supports both everyday living and hosting larger gatherings in comfort. **Terraces, Views & Outdoor Living** Outdoor space is a real highlight. The gated entrance patio works as a secure play space for children and pets, as well as a sheltered courtyard for long lunches and relaxed evenings. Off the main lounge, a large semi-covered balcony acts as an outdoor room in its own right, with views over vineyards, the communal pool, mountains and the coastline sweeping towards Estepona. Below the lounge, the basement level adds a practical edge: a garage and storage room with direct access to the communal pools and gardens. It's ideal for sandy beach gear, bikes, paddleboards, and everything that comes with a life lived between vineyards and the Mediterranean. **Community & Lifestyle** The townhouse sits in a gated community of just a handful of homes, with well-tended gardens and a communal pool at its heart. Life here moves easily between indoors and outdoors: morning swims, lazy afternoons by the pool and evenings on your own terraces overlooking the vines. The setting combines the slower rhythm of a traditional village with the facilities expected from a modern Costa del Sol development, creating a balanced lifestyle for both year-round residents and holiday owners. **Location & Surroundings** The location gives you the best of both worlds: the slower rhythm of a pueblo blanco, where local life unfolds at the square and seasons are marked by vineyard cycles, and the energy of the coast just a short drive away for golf, shopping, and days at the beach. From your front door it is around five minutes on foot to Manilva's village square, where cafés, tapas bars, small supermarkets, banks and pharmacies cluster around whitewashed streets. A regular shuttle runs down to San Luis de Sabinillas for larger supermarkets, a wider choice of amenities and long sandy beaches. Nearby Puerto de La Duquesa adds a lively marina scene with restaurants and waterside promenades. By car, Estepona and Sotogrande are within 15 minutes, Marbella in under 30, Málaga Airport around an hour, and Gibraltar airport is even closer for those traveling from the UK. This makes travel simple for owners and guests alike. For weekend explorers, Málaga, Granada, Cádiz, Jerez, and Seville all sit within roughly two and a half hours, opening up Andalusia's culture, cuisine, and historic neighborhoods for effortless day trips. **Why It Stands Out** \* Atmospheric setting among vineyards between Manilva and Sabinillas \* Five-bedroom layout ideal for families, guests or flexible work-from-home use \* Multiple outdoor spaces including large entrance patio and wide view terrace \* Gated community with pool, gardens and direct access from the private garage \* Easy reach of beaches, marina life, golf and
